COURT ADMINISTRATOR
JUDGE V. ROBERT PAYANT
517/373-0130

To the Honorable Chief Justice and Associate Justices
Supreme Court of Michigan

In accordance with the provisions of Michigan Court Rule 8.103, I am pleased to present to you and to our citizens this Report concerning the Michigan Court System for calendar year 1985.

This year's report contains, in addition to statewide statistical information, a listing of those commissions and committees which have worked toward the improvement of the judicial system during the year. The volunteer efforts of these men and women make a great contribution in developing our manuals, court forms, guidelines and reports.

This report would not be possible without the outstanding cooperation of Michigan's Judges, court personnel, and the men and women who staff the State Court Administrative Office and the other related agencies serving the judicial branch.

Yours very truly,

V. Robert Payant

State of the Judiciary Message

Presented to the Michigan Legislature

April 10, 1986

by

Chief Justice G. Mennen Williams

Michigan Supreme Court

It is an honor, and I do not use the word honor lightly, to appear before this joint session of the Michigan State Legislature. The Legislature performs a most important, if not the most important, function under the Constitution to make democracy work. Not only is it an important function, but it is a challenging and difficult one that demands the most of a person mentally, physically and spiritually. Therefore, I salute you and I appreciate that much more the honor to appear before you.

In all probability this is the last time I shall have this honor, which I have now enjoyed twenty-four times over almost forty years. Two now in the Legislature served when I was in the Governor's Office, and I have served with the father and grandfather of one of your members. Now, I only wish I could go on to serve further with you and then your children and grandchildren.

Undoubtedly, the principal contribution, and a peculiarly American one, of the United States Constitution of 1787 and the state constitutions that followed was the establishment of a system of government based on a balanced tripartite division of independent legislative, executive and judicial powers. This balanced separation of powers has assured the people of our Nation and our State freedom and a prosperous lifestyle matched by no people on earth in the history of the world. In the long run, the preservation of this balance is fundamental to the successful operation of our form of government and the people's enjoyment of democracy. It is to the maintenance of this balance of independent powers I wish to speak today.

In my previous State of the Judiciary messages, I adverted to the fact that beginning with Governor Sigler in the late 1940's, then Governor Romney and most recently, Governors Milliken and Blanchard, aided by the Executive reorganization set forth in the 1963 Constitution, the Executive branch has become a powerful, well-organized branch of government. In the 1960's the Legislature changed from the no secretary, no private office, no administrative staff body I knew as Governor to a justifiably well-equipped, powerful branch of government.

As a result of modernizing and improving their ability to serve the needs of the people of this State, the Legislature and the Executive are now, for the most part, properly equipped to fully perform their constitutional responsibilities. The Judiciary, however, lags behind and is not fully equipped to perform its constitutional function effectively.

It is not that the Legislature, the Executive and the people have failed to recognize the principle and theory of a proper balance of power between the three independent branches of government. It is that the expressed intentions and first steps have not been followed up with complete implementation. The result is that the Judiciary is not presently equipped to perform fully and adequately its proper functions in our balanced tripartite form of democracy.

This result surely is not in the best interests of the people. Together we should look to improving the situation of the Judiciary and to restoring the proper balance of our tripartite system of government as promptly as the Legislature, the Executive and the Judiciary can. Let me first outline the steps the Judiciary has, and is, taking to modernize itself -- because we believe that in order to deserve your help, the Judiciary must first do all it can do to help itself.

In analyzing what we should, and could do, we were helped by having determined three years ago to visit all the judges of our State, and then the lawyers, in open meetings in various parts of the State, where the judges and lawyers could ask us any questions they wanted to ask and could tell us anything they had on their minds. If you think they tried to zing us now and then, you are right, they did, but all in the spirit of give and take.

These meetings, and citizen and media encounters around the State, opened our minds to problems that most concerned the people with the administration of justice. These meetings also moulded together all the judges into a working and spiritual "One Court of Justice" with high morale.

As a result of our investigation, the Judiciary identified three major challenges facing us today in meeting the need to properly serve the public and restore the balance of power among our three branches of government. First, the public demands the just resolution of both criminal and civil matters in an efficient and timely way. This avoids unreasonable delay and expense for litigants and the general public. Second, the public indicates that the judicial system requires revitalization by responses more fully meeting the demands of people for justice and for a court system more considerate of the people that use it. Third, the people spoke in 1963 for the constitutional concept of a "One Court of Justice", a statewide system of equal justice. This system remains to be fully implemented, and it only can be fully implemented through state financing.

To meet the first challenge of delay, the Judiciary has adopted the goal of improved case processing. The program to achieve the goal of improved case processing is three pronged:

1. Adopt Time Standards
2. Improve Data Systems
3. Implement Caseflow Management Programs

Under the supervision of Justice Dennis W. Archer -- our Justice most recently from the frontline of private practice -- the Case Delay Reduction Project has been implemented by a hard-working committee of judges, attorneys, court administrators, and a county clerk, with support from the State Court Administrator. This project, funded by Federal Justice Assistance Act funds, is currently developing time standards for all categories of cases. These time standards will allow judges, attorneys, and most important, ligitants to know how long their case should take and when they can expect a final ruling. Hopefully, for most civil cases this time will be a year or less rather than the present as much as three or four years in some places. The implementation of these time standards will be possible only through the increased use of caseflow management programs, increased training of judges and court personnel, increased analysis and monitoring of caseloads, and improvement in data processing in the trial courts.

The first goal of case processing is supported by at least two important functions. The first, the Michigan Judicial Institute, is under the supervision of Justice Michael F. Cavanagh and is directed by Dennis Catlin. The MJI, as we call it, was honored recently by a national conference of special trial court judges for having the best judicial education program in the United States. The MJI will support the improved case processing program by special training of both judges and administrative personnel.

The second support function is the Judicial Data Center which is under the supervision of State Court Administrator, V. Robert Payant and the Judicial Data Center Chief, Richard Wilhelm. We would hope within the reasonable future to have about five circuit courts, ten probate courts and thirty-five district courts on-line. All of the probate courts are on the batch computer system. While all courts may not benefit from computerization, most would, and this would greatly facilitate the improved processing program.

In response to the second challenge, that is, to improve public service and understanding of the court system, our immediate goal is to find out what the public properly wants from its courts and then to develop ways to satisfy those wants. Several initiatives are underway. Under the supervision of Justice Patricia J. Boyle, a blue ribbon Citizens' Commission to Improve Michigan's Courts has been established. The men and women of the Commission represent citizens throughout the State and bring enthusiasm and creativity to bear on the problems facing our courts. We anticipate recommendations from the Commission in early fall and will be sharing those with you. We can then determine what best each of us can do. We feel this is an area where significant contributions can be made in the administration of justice and that the citizens working with Justice Boyle will leave no stone unturned to come up with the best and most useful programs.

The Judiciary has initiated several programs designed to increase service to and facilitate better understanding by the public. Among these programs is the Sentencing Guidelines Program, operating under the supervision of Supervising Justice Michael F. Cavanagh. Last year I reported to you a significant reduction in sentence disparity. An additional year of experience with the guidelines verifies a reduction in sentence disparity based on race, gender, whether the defendant exercised the constitutional right to trial, and whether the defendant relied on appointed counsel. Further, 82.4 percent of all sentences statewide were within the ranges recommended in the guidelines.

The committee has recommended some changes to improve the guidelines by adjusting some of the variables and possibly the guideline ranges. The Supreme Court intends to publish these suggested revisions for comment in order that all who are interested may contribute. We will continue to work with you to improve the guidelines.

In the criminal justice area one of the continuing problems is the best method of providing the constitutionally required assigned counsel to indigent defendants. Several years ago, the Legislature established the State Appellate Defender's Office which has provided superior legal services both to individual defendants and to practicing defense attorneys at a very modest cost per case. More recently you have instituted the Michigan Appellate Assigned Counsel System to guarantee that other assigned appellate counsel be appropriately competent. There remains the matter of assigned trial counsel. All of this involves proper selection, proper payment, etc. This is a very intricate and complex field that has challenged the administration of justice for a number of years. To work with the legislatively established agencies, the judges, and the lawyers of this State on this problem, the court has designated Justice Charles L. Levin who has already given of his time and talents in this area as Supervising Justice.

The third challenge is to carry out the constitutional mandate of "One Court of Justice" and to guarantee each citizen in every part of the State access to courts with adequate resources and personnel. In 1980, this body recognized and began the realization of this constitutional mandate. You adopted and began the implementation of the principle of equal justice for all Michigan citizens with a plan for replacement of local dollars with state funding of courts. That plan, if implemented under the five-year schedule called for then, would be substantially completed today. With the State's economic difficulties in the early 1980's, this implementation has been delayed.

Our goal today in this area is to achieve what your 1980 legislation promised. To lead us in this area we have designated Justice James H. Brickley as Supervisory Justice because of his executive and local government background.

Since this body first funded three Wayne County courts in 1981, and promised to fund the rest of the courts in the State during the ensuing five years, several changes have occurred. The relationship between trial courts and their local funding units has changed substantially. Funding units previously disinterested in state assistance for trial courts are now faced with adverse financial circumstances and many are most interested in our 1986 program of state funding. Disputes between courts and funding units over the proper level of funding have sprung up all around the State. Some of these disputes have even resulted in lawsuits. In December, 1985, the Supreme Court implemented, through an administrative order arising out of the Hillsdale-Cheboygan case, a procedure to be followed to try to resolve these disputes at the earliest possible time. Through the intervention of the State Court Administrative Office and the voluntary services of both judges and county commissioners as mediators, some of these disputes have been resolved. But the underlying problem -- lack of adequate funding for court services -- remains. The need for state funding is today more urgent than ever.

Your concern as a Legislator is the same as mine as a Justice: that is to establish the same norm of justice everywhere in Michigan. When you write a statute prohibiting a criminal act or defining a civil act, you assume, and rightfully so, that the statute will be enforced in the same way in Monroe and Marquette. By definition, state statutes are to be centrally established by the Legislature and evenly applied. To permit local government to impose its own concept of the administration of justice would be to undermine the constitutional basis of the Legislature.

This year our budget request contains a new concept. In prior years we requested a percentage of the total trial court operations be funded. This year we have abandoned that heretofore unsuccessful approach and ask you to look with us at essential services -- most mandated by the federal and state constitutions -- which trial courts must provide. These services include assigned trial and appellate counsel, juror fees, witness fees, transcripts on appeal, court reporting and Judicial Data Center user fees. In addition, we support the next step in judicial standardization payments, and an enhancement to the judicial retirement system to put it on a par with other state operated systems. This total package equates to $29 million for a full year's funding. We urge you to explore what this funding would mean to the operation of the courts in your district and to a more uniform system of justice throughout Michigan.

After the Judiciary had formulated its three point program to improve the Michigan court system during 1986-87, it became apparent that the public, the Legislature and Executive, and even the Judiciary itself, was giving high priority to another area. That area was family and children services.

For example, the Legislature this year passed the Family Equity Package to improve the collection of support payments for children of separated or divorced parents. This is a laudable achievement. Further, your interest in and support to the State Court Administrative Office, in the development of equitable child support guidelines, assures that the final product will be one which serves Michigan's children well. We welcome your continuing involvement in this program.

Two years ago Dr. M. Agnes Mansour and I established an ongoing cooperative program between the Judiciary and the Department of Social Services to review programs for which we had joint or at least contiguous responsibilities. To date, joint task forces have explored foster home certification, adult services, friend of the court programs, and data management. Even still, we have but scratched the surface of the issues involved.

To probe further the complexity of the courts' services to families and children, Justice Dorothy Comstock Riley will be spearheading a task force to explore the depth and breadth of these issues. Like you, Justice Riley's task force will be reviewing the recommendations of the Coleman Commission, permanency planning proposals, etc., as well as communicating with judges, representatives of the Michigan Department of Social Services, private agencies, and users of the services. The overriding goal of the task force will be to determine how necessary services to children and families can be provided in the most effective manner. Your suggestions are surely welcome.

In effect, we have added a fourth, and a very important and basic point to our three point program to improve the Michigan court system.

What I have just described is the Judiciary's program: first, improved case processing; second, a user-friendly court; and third, state funding plus the newly coordinated family and children services program as a fourth point. Together, these four points constitute the Judiciary's comprehensive strategy to do all it can by itself to restore the balance between the government's three independent powers so as to give the people of this State the democracy and effective government their Constitution promises them. But obviously, in our system of independent but coordinated branches of government power, no one branch can do it all by itself. All three branches must work together if the people are to be well served.

What I ask, then, is that the Legislature and the Executive give the Judiciary a hand to become as well equipped, as they are, to serve, as well as they do, the people of this State. After all, that is the constitutional mission of all three branches, together to give Michigan citizens the best government of which our tripartite system of independent powers is capable.

The help the Judiciary needs from the Legislature and the Executive is to strengthen the State Court Administrative Office's support of the trial courts, to further fund the Judicial Data Center so as to improve the state court computer network and to further implement the program of state funding trial courts.

As I told the House Appropriations Subcommittee, the Court is generally pleased with the Governor's recommendations. While the Governor cut our request, we think we can live with the cuts with the following exceptions, all of which was detailed to the Committee. The Governor cut our requst by 15 positions. We can make do presently without nine of them, but six of the fifteen are immediately essential to our program to improve the Michigan court system. Likewise, the failure to subsidize user fees for the use of trial court computers will crimp the Judiciary's ability to eliminate trial delay.

Finally, the complete elimination of any funding to implement the next step in state funding of trial courts is a serious set-back. It is understandable that, perhaps, the whole $29 million for the first step will not be available this year. However, let me call to your attention that the Governor in his printed message recognized that state funding "would enable our court system to operate more efficiently and reduce the pressure on local property taxes." The Governor, however, though approving state financing in principle, said this year's "hold-the-line budget doesn't permit us to act on this proposal this year." May I suggest you and he give serious consideration to at least a modest beginning of this budget year.

Again, thank you for the honor of permitting me to address you and for your kind attention.

WRITTEN APPENDIX TO ORAL MESSAGE

I. CASE DISPOSITION

SUPREME COURT

Thanks to an increase in staff support approved by the Legislature several years ago, the Michigan Supreme Court has fewer cases pending than at any time since 1980.

The Supreme Court had a total of 1,165 cases pending on June 30th of last year compared to 1,407 on the same date the previous year and 1,648 cases that were pending on June 30, 1982.

In a little more than 60 days, we'll be closing the books on our 1985-86 year and it appears we may have fewer than 1,000 cases pending then.

The Supreme Court has been able to reduce the number of cases pending despite the fact that the number of new cases filed annually has more than quadrupled since 1970.

The number of new cases filed with the Supreme Court during the twelve months ending last June 30 totaled 2,072 compared to 2,352 the previous year, a decline of 280 filings. This is only the third time since 1970 in which new case filings were fewer than the previous year. We believe the drop in new case filings is only temporary. The Michigan Court of Appeals, which had a drop of 440 cases in 1984, had a sharp increase in new cases during 1985, which will probably soon result in increased applications to our Court.

The Michigan Supreme Court had a banner year for calendar 1985 in terms of the amount of time it took to issue opinions after the Court had heard oral arguments on its cases.

The Court took an average of seven and one-half months to reach a decision on all of its 1985 cases after hearing oral arguments presented by attorneys in each case. During the previous decade, the time between arguments and decision had averaged twelve months.

We are working hard to reach decisions and issue opinions in a more timely manner, just as we are asking trial courts throughout the State to reduce delay in the cases they hear.

COURT OF APPEALS

During 1985, a record 7,436 new cases were filed in the Michigan Court of Appeals, an increase of 882 or 13.5 percent compared to the previous year.

During the same period, the Appeal Court disposed of 6,386 cases, a decline of three percent compared to 1984.

The increase in new cases demonstrates, once again, the need for additional Court of Appeals judges. Last year, 65 circuit court and Recorder's Court judges were assigned temporarily to the Court of Appeals so that it could operate with eight instead of six panels throughout the year. The need for three additional Court of Appeals judges is becoming critical.

TRIAL COURTS

For the first time we have reports from each of the 241 trial courts regarding the new cases filed during the calendar year, and we can make some comparisons of the 1985 data with previous years.

For the circuit courts and Recorder's Court, rounded to the nearest thousand, there were a total of 188,000 new cases filed during 1985 contrasted with 186,000 in 1984, an increase of slightly over one percent.

Nearly 24,000 circuit court cases are reported as being more than two years old, down nearly 10 percent from 1984. Although a good start, it is to those cases, primarily civil matters, that the first phase of the caseflow management project is addressed.

Probate courts had a total of 127,000 new filings in 1985 compared to 123,000 during the prior year, an increase of three percent.

In the juvenile division of the probate courts, 35,000 formal petitions on delinquency were accepted and 6,500 on neglect and abuse during 1985, an increase in each category.

The district courts and remaining municipal courts, including their traffic matters and small claims cases, report a total of 2,400,000 new cases last year compared to 2,290,000 in 1984, for an increase of five percent.

That means that the trial court system during 1985 docketed a total of 2,756,500 new cases of all types. This represents a four percent increase over new case filings in 1984.

Disposition data is still being analyzed but would indicate that the courts disposed of more cases in 1985 than in 1984. However, the year-end inventory of cases shows an increase due to the greater number of filings.

Part of the Court's program to improve the Michigan court system involves improving case management information systems for the trial courts. It continues to be a major concern of the Supreme Court that the trial courts be assisted in developing systems that will permit them to monitor their workloads and make complete statistical reports, including case filings, case dispositions, pending cases, and case age.

One current effort of the Legislature, legislation which would permit the conversion of the 17 remaining part-time probate judges to full-time, would provide for additional judicial resources to deal with the increasing caseloads of the trial courts as well as eliminate the possibility of conflict of interest.

II. EQUAL OPPORTUNITY HIRING

The Supreme Court recognizes and supports the state policy of equal opportunity employment. The Michigan Supreme Court and the State Court Administrative Office have a total of 182 employees in Lansing, Detroit, Mt. Pleasant, and Traverse City.

Of our 182 employees, 28 or 15.4 percent are black or hispanic. Statewide, Michigan has a minority population of fifteen percent. Our minority employees include two Supreme Court commissioners, four administrators, nine analysts, the Court Crier and Deputy Crier, three law clerks, five secretaries, one clerk, and two custodians.

Seventy-six or 41.8 percent of our employees are male and 106 or 58.2 percent are female. Statewide, Michigan's population is made up of 48.8 percent males and 51.2 percent female. Of the 106 female employees, 60 or 56.6 percent are professionals and 46 are non-professionals. The professionals include two Supreme Court comissioners, one deputy court clerk, one assistant court clerk, one executive assistant to the Chief Justice, sixteen law clerks, six administrative assistants, twelve legal secretaries, one judicial education program administrator, two education program managers, four court analysts, one budget analyst, three field service representatives, one scheduling coordinator, one Assigned Appellate Counsel administrator, one court consultant, four programmer analysts, one docket control manager, and two docket analysts.

III. BAR AND BENCH

The Supreme Court continued its "outreach" program to the Bench and Bar in 1985. The full Court met with chief judges of all trial courts in June to review the issue of trial court delay. Several exemplary programs in Michigan courts were cited and judges whose courts are running most efficiently shared their "trade secrets" with the chief judges who are responsible for the operation of the trial courts.

In addition to meeting with judges and attorneys in regional meetings, the practice of conferring with each of the judges' associations and the State Bar on a quarterly basis was continued. Through this mechanism the entire legal community has the opportunity to discuss issues before they escalate to crisis proportions and often these interactions lead to early resolution of problems. One area of particular concern to judges which was focused through this medium is the judicial liability issue. Through the joint efforts of the judges' associations and the State Bar, an agreement was reached whereby the Attorney General will defend judges and court personnel in causes of action arising out of their official duties. Although the corollary issue of indemnification has not been thoroughly tested, the Attorney General has offered to pursue this issue as it arises with clarifying legislation as an ultimate goal.

As the Michigan economy continues to improve and spread to far corners of the world, the necessity for a highly efficient court system is required. To assist in economic development, the Court in 1985 adopted a court rule to allow foreign legal counsel to be admitted to the Michigan Bar for limited purposes. It is envisioned that this rule change will be helpful to foreign corporations and persons wishing to do business with Michigan and, thus, encourage international trade.

IV. PRISON AND JAIL SPACE

Last year, because the Judiciary was under pressure to set inadequate bail or sentence too lightly, because of jail and prison overcrowding, I felt compelled to bring this situation to the attention of the Legislature. In this year's State of the State Message, the Governor indicates that because of your efforts, prison and jail overcrowding has been reduced. I am happy to report that no undue pressure on the Judiciary has been felt as in former years but that the margin of safety unfortunately is not yet reassuring.

V. COURT FACILITIES

The necessity of adequate court facilities continues to be a problem from the Supreme Court to the District Court throughout the State. As the economy recovered, there have been improvements in facilities in several communities and many more are in the planning stage to be completed in the near future.

At the state level, however, we continue to be separated in the Law Building, a State office building, and rented space for the Supreme Court, its staff, the State Court Administrative Office, and the Court of Appeals. As you consider proposals for revitalizing downtown Lansing, be mindful of this continuing need. Once again, we have asked you for consideration of a feasibility study for this purpose in our budget request and urge your favorable action.

ANNUAL REPORT

Supreme Court

Summary Status Report

I. CASELOAD, QUANTITATIVE REPORT, 15-YEAR PERIOD, YEARS ENDING ON 6/30

YEAR	CASES FILED	CASES COMPLETED	CASES PENDING
85	2,072	2,314	1,165
84	2,352	2,495	1,407
83	2,112	2,224	1,536
82	2,083	1,813	1,648
81	1,949	1,713	1,378
80	1,850	1,517	1,142
79	1,470	1,508	812
78	1,636	1,487	850
77	1,227	1,145	697
76	991	1,060	615
75	974	786	518
74	957	879	411
73	811	654	410
72	658	693	201
71	708	761	310

The year ending June 30, 1985 is the third since 1970 in which new case filings were fewer than in the year before. This brief pause in what had been a steady rate of increase in filings combined with a continued high number of case completions to cause the number of cases pending to decline for the third consecutive year. That number, 1,165, is the lowest since 1980.

II. CASE DISPOSITIONS, 10-YEAR PERIOD, YEARS ENDING ON 6/30

Case dispositions, those events which in individual cases conclude the Court's work and end its jurisdiction, are of four types which may be described as follows:

A. Opinion - Either following a grant of leave or in response to an application for leave to appeal, the Court may release a formal opinion disposing of the case.

B. Final Order Without Opinion - The Court may summarily grant relief or remand a case for further proceedings by an order without the time-consuming process of briefing, oral argument and opinion writing.

C. Denial Of Leave To Appeal - Because the Constitution vests the Supreme Court with the discretion to review decisions of lower courts, the Court may simply deny applications for leave to appeal.

D. Dismissal Or Withdrawal - A case may be withdrawn by agreement of the parties or, very rarely, dismissed by the Court on motion charging failure to diligently pursue an appeal.

The numbers of such dispositions and their percentages of the totals for the last ten years are:

		A.	B.	C.	D.
YEAR	TOTAL OF CASES COMPLETED (A+B+C+D)	COMPLETED BY OPINIONS	COMPLETED BY FINAL ORDERS WITHOUT OPINIONS	COMPLETED BY DENIALS OF LEAVE TO APPEAL	COMPLETED BY DISMISSALS AND WITHDRAWALS
85	2,314	135 (5.8%)	218 (9.4%)	1,889 (81.6%)	72 (3.2%)
84	2,495	70 (2.8%)	327 (13.1%)	2,041 (81.8%)	57 (2.3%)
83	2,224	134 (6.1%)	200 (9.0%)	1,831 (82.3%)	59 (2.6%)
82	1,813	104 (5.7%)	226 (12.5%)	1,438 (79.3%)	45 (2.5%)
81	1,713	80 (4.6%)	249 (14.5%)	1,342 (78.3%)	42 (2.4%)
80	1,517	114 (7.5%)	205 (13.5%)	1,179 (77.7%)	19 (1.3%)

IV. MOTIONS AND OTHER SEPARATE ORDERS

Motion Dispositions

During the year ended June 30, 1985, the Court issued 642 separate additional orders on motion matters as follows: 125 orders granting leave to appeal; 34 orders on motions for rehearing; 123 orders on motions for reconsideration; 7 corrective orders issued on the Court's own motions; 108 orders holding cases in abeyance, issued on the Courts own motions; 70 miscellaneous orders on motions for bail, for stay of proceedings, to tax or not tax costs, etc.; 130 orders issued by the Chief Justice, here commonly called "housekeeping orders", e.g., orders on motions to extend the time for filing briefs to place on or withdraw a case from a session calendar, or for oral argument, etc., 21 orders to show cause and 24 orders on motions for admission to the bar. In addition to these 642 separate orders on motions there are now each year over 1,000 motions acted upon by the Court where those actions are included within the final order issued which completes the Court's work on the case.

Grants Of Leave To Appeal

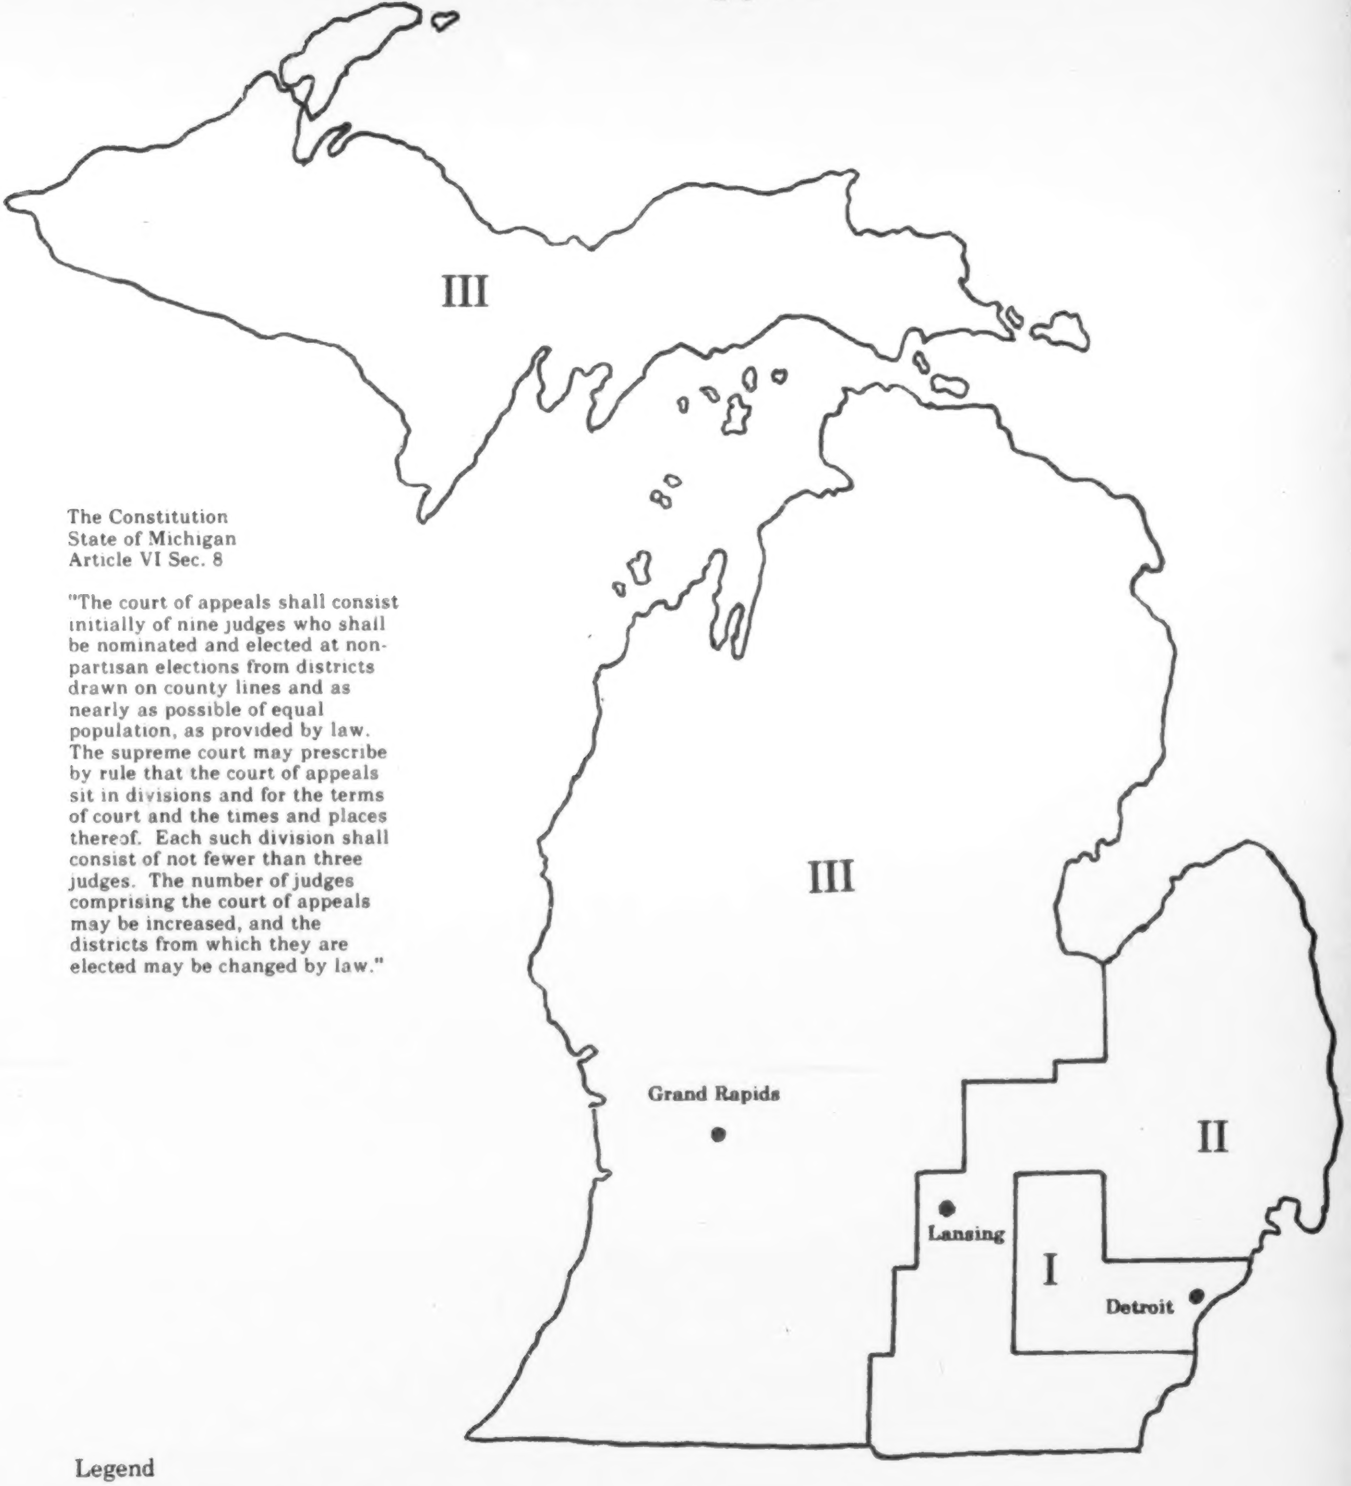
Orders granting leave to appeal notify the parties that formal review of the case will be undertaken. Grant orders and their percentage relationship to new filings in the same year for the past ten years are as follows:

YEAR	NUMBER OF GRANTS	AS PERCENTAGE OF NEW FILINGS
1985	125	6.0%
1984	95	4.0%
1983	138	6.5%
1982	54	2.6%
1981	98	5.0%
1980	84	4.5%
1979	55	3.7%
1978	92	5.6%
1977	110	8.9%
1976	121	12.2%

V. ADMINISTRATIVE WORK

The Court's constitutional responsibility for "general superintending control over all courts" requires it to meet on a regular basis to consider court rules and other matters relating to the administration of the court system. In the year just ended, the Court met on administrative matters on 26 occasions and acted upon 104 agenda items including the final adoption of the Michigan Court Rules of 1985, appointments to committees, boards and commissions, review of local court rules and administrative orders and the internal procedures of the Court. Those actions resulted in the issuance of 27 court orders which included Court Rules changes and appointments.

Court of Appeals



The Constitution
State of Michigan
Article VI Sec. 8

"The court of appeals shall consist initially of nine judges who shall be nominated and elected at non-partisan elections from districts drawn on county lines and as nearly as possible of equal population, as provided by law. The supreme court may prescribe by rule that the court of appeals sit in divisions and for the terms of court and the times and places thereof. Each such division shall consist of not fewer than three judges. The number of judges comprising the court of appeals may be increased, and the districts from which they are elected may be changed by law."

The Constitution
State of Michigan
Article VI Sec. 11

"The state shall be divided into judicial circuits along county lines in each of which there shall be elected one or more circuit judges as provided by law. Sessions of the circuit court shall be held at least four times in each year in every county organized for judicial purposes. Each circuit judge shall hold court in the county or counties within the circuit in which he is elected, and in other circuits as may be provided by rules of the supreme court. The number of judges shall be changed and circuits shall be created, altered and discontinued on recommendation of the supreme court to reflect changes in judicial activity. No change in the number of judges or alteration or discontinuance of a circuit shall have the effect of removing a judge from office during his term."

ANNUAL REPORT

Michigan Probate Courts

Statewide Summary Of Annual Caseload

January 1, 1985 - December 31, 1985

The Probate Court Caseload report is now being submitted to the State Court Administrative Office from local courts annually rather than on a semi-annual basis as in previous years. This change in reporting was adopted by the State Court Administrative Office on the recommendation of the Probate Court Forms Committee in an effort to simplify the reporting process and reduce the workload. The year 1985 also marked the increased involvement of the Judicial Data Center in the development of this report. The Judicial Data Center has the capability of compiling data in all twenty-three categories included in the annual report and of returning this information to the local court for their use. All of this data can be generated by the completion of the MCR 5.707 reports.

ANNUAL REPORT

Michigan Probate Courts - Juvenile Division

Statewide Summary Of Annual Caseload And Activity

January 1, 1985 - December 31, 1985

The Monthly Caseload and Activity Report for the Juvenile Division of Michigan Probate Courts provides the basis for compilation of data. This year's annual report marks the first full year the courts have supplied data in this format. Excluded from this year's annual report is information regarding delinquency cases by type of offense and the number of court authorized petitions in delinquency and neglect matters. Because such information has been determined to be of value to particular governmental units, consideration is being given to establishing an appropriate data base.

The data reflected in this report is based on reports submitted by local courts. Several courts did not report data for a full calendar year. See the Probate Court Supplement for a complete description.

DATA AND INFORMATION SHARING TASK FORCE OF MICHIGAN DEPARTMENT OF SOCIAL SERVICES - JUDICIARY LIAISON COMMITTEE

The Task Force, established jointly by Dr. Agnes Mansour of the Michigan Department of Social Services and Chief Justice G. Mennen Williams, is one of the four task forces to collaboratively review and recommend remedies for selected major concerns facing both branches of government. The purpose of the Committee was to make recommendations on how to improve the collection of uniform data and information sharing within and between the Michigan Department of Social Services and the juvenile courts. Specific attention was focused on juvenile court proceedings and the corresponding transactions within the Michigan Department of Social Services. The final report was completed in August, 1985. Local court representatives and other professionals who served on the Committee in 1985 include:

FOSTER CARE REVIEW BOARDS

The Foster Care Review Board Program was established by 1980 PA 376 as a pilot project administered by the State Court Administrative Office. This program creates citizen review boards to review individual neglect and abuse cases within the foster care system to assist the court in ensuring prompt and permanent child placement. The program was continued and expanded by 1984 PA 422. Currently, seven review boards exist in Wayne County and a single review board exists in each of the following counties: Kalamazoo, Kent, Lenawee, Muskegon, and Washtenaw. Local citizens representative of their community who served on the various review boards in 1985 include:

FRIEND OF THE COURT ADVISORY COMMITTEE

The State Court Administrative Office established a nine-person advisory committee to advise the Friend of the Court Bureau in the performance of its duties as established by the Friend of the Court Act (MCL 552.501 et seq.). Likewise, this Committee serves as the State's Child Support Commission which is to examine, investigate, and study the State's child support system. The Advisory Committee is composed of three professional members, three attorney members, three public members, and two non-voting Friend of the Court members. In 1985 the Committee supervised the progress of the Child Support Guidelines Committee, recommended a policy and procedure for income tax interception, developed a Friend of the Court Bureau Survey, assisted in the development of a training program for Friend of the Court clerical personnel, assisted the Bureau in examining and approving a private mediator training program, and established operating by-laws. Local court personnel and other professionals who served on the Committee in 1985 include:

TASK FORCE ON PROBATE COURT CERTIFICATION OF FOSTER HOMES AND MICHIGAN DEPARTMENT OF SOCIAL SERVICES OF JUVENILE DETENTION FACILITIES

The Task Force was established by Chief Justice G. Mennen Williams and Dr. Agnes Mansour, Director of the Michigan Department of Social Services, to consider two issues and to develop recommendations which would ameliorate current problems attendant to these issues. The issues considered were: 1) the certification of probate court (juvenile division) foster homes to the Michigan Department of Social Services for licensure in view of the 1982 state appellate court decision determining probate courts not to be child care organizations as defined by 1973 PA 116; and 2) the inspection criteria used by the Michigan Department of Social Services to evaluate juvenile detention facilities and the current administrative rules to reflect the variety of child care residential facilities which are presently operated by probate courts. Assignment of Judges

ANNUAL REPORT

Michigan Assignment Of Judges

January 1, 1985 - December 31, 1985

The Michigan Constitution, 1963, Art. VI, Sec. 23 and MCL 600.225, 600.226, 600,306, 600.825, 600.829, and 600.8212, as amended, authorize assignment of judges from one court to another either by direct order of the Supreme Court or through the State Court Administrator.

Judicial vacancies occur during the year due to retirement, death, or serious illness which require an assignment to provide temporary assistance to a court which is experiencing a sudden increase in trial work or a series of lengthy trials. Assignments are also made when a court is behind in its work or when a case requires disqualification of a particular judge or an entire bench.

In most instances, assignments to the Court of Appeals or the Circuit, District, or Probate Courts are made without regard to whether the assigned judge regularly sits on that court. For example, it is not unusual for a Probate Judge to be assigned to a Circuit Court, District to Circuit, Circuit to Court of Appeals, etc. This flexibility provides most efficient use of judicial resources.

Michigan Appellate Assigned Counsel System

ANNUAL REPORT

Michigan Appellate Assigned Counsel System

May 1, 1985 - December 31, 1985

AGENCY PURPOSE

The Michigan Appellate Assigned Counsel System (MAACS) was created by the Appellate Defender Commission to fulfill the Commission's mandate to develop a statewide indigent appellate defense system which includes the services of both the State Appellate Defender Office and private assigned counsel pursuant to MCLA 780.712; MSA 28.1114(102). Although 75% of all indigent felony appeals are handled by private assigned counsel, until the advent of MAACS, no uniform statewide method of qualifying and selecting those attorneys existed. The statute requires the Commission to compile and keep current a statewide roster of attorneys eligible for and willing to accept appointment as criminal appellate defense counsel and to provide continuing legal education for those attorneys. MAACS is the administrative office which actually screens the qualifications of attorneys seeking to join the statewide roster, compiles local lists of roster attorneys willing to accept appointments in each circuit and the Detroit Recorder's Court, provides training programs and resource materials to roster attorneys, and monitors compliance with the Minimum Standards for Indigent Criminal Appellate Defense Services approved by the Supreme Court.

The agency's goals are to ensure that only qualified attorneys receive appellate appointments, that appointments are fairly distributed pursuant to objective criteria, and to enhance the ability of private counsel to provide competent appellate representation through the provision of training and supportive services. The agency also maintains files on all cases assigned to private counsel, which permit the collection of data regarding caseloads, fees, and the substantive work performed. MAACS also collects the briefs filed by roster attorneys for placement in a centralized brief bank maintained by the Legal Resources Project of the State Appellate Defender Office.

AGENCY PROCEDURE

Attorneys wishing to serve as appellate assigned counsel must submit an application to MAACS. Each attorney is classified as either Level I or Level II based on the attorney's experience, with only Level II attorneys being eligible to handle the more serious offenses. Level I attorneys are required to complete a basic orientation program before receiving any appointments. Attorneys indicate on their applications the jurisdictions from which they wish to receive appointments. MAACS compiles a local list for each circuit and the Recorder's Court of roster attorneys willing and eligible to receive appointments from that jurisdiction.

Each local list of attorneys is rotated by non-judicial personnel pursuant to regulations issued by the Appellate Defender Commission. Copies of all orders of appointment are forwarded to MAACS, which monitors the rotation of local lists.

MAACS also monitors the allocation of appointments between roster attorneys and the State Appellate Defender Office which, under the regulations, is to receive a percentage of the appointments in each jurisdiction. In addition, MAACS responds to inquiries from defendants, courts, and other interested parties concerning the conduct of indigent appeals. Should it appear that a roster attorney is failing to provide adequate representation as defined by the Minimum Standards for Indigent Criminal Appellate Defense Services, the attorney's name may be removed from the statewide roster, subject to appeal to the Appellate Defender Commission.

ACTIVITY

The Michigan Appellate Assigned Counsel System opened its doors on May 1, 1985. The staff consists of an administrator, an administrative assistant, and a secretary. The first several months of operation were devoted to consulting with trial judges and court administrators around the State regarding the implementation of the new appointment system. A notice appeared in the September issue of the Michigan Bar Journal soliciting attorney participation in the statewide roster. The two-day orientation program was held in the fall at several locations around the State for attorneys wishing to qualify to receive appellate appointments. The training program was videotaped for future showings to new applicants. Every attorney joining the roster is provided free of charge with a copy of a two-volume appellate practice and procedure manual prepared by the State Appellate Defender Office under a grant from the Michigan Justice Training Commission.

The new appellate assignment system officially became effective on December 2, 1985, at which time there were 274 attorneys on the statewide roster. It is anticipated that roster membership will level off at about 375 attorneys. It is also anticipated that MAACS will be responsible for monitoring approximately 2,400 indigent appeals annually, not including those assigned to the State Appellate Defender Office.

ANNUAL REPORT

Michigan Attorney Grievance Commission

October 1, 1984 - September 30, 1985

COMMISSION PURPOSE

The Michigan Attorney Grievance Commission was created by the Supreme Court, effective October 1, 1978. Along with the simultaneously created Attorney Discipline Board, the Commission succeeded the State Bar Grievance Board, which thereby expired. Pursuant to MCR 9.108(A), the Commission is the prosecution arm of the Supreme Court for the discharge of its constitutional responsibility to supervise and discipline Michigan attorneys. The Commission, which has statewide jurisdiction, has its offices in Detroit.

The Attorney Grievance Commission is comprised of seven persons who served without compensation and are appointed as follows:

Three lawyers appointed by the Supreme Court; two public members appointed by the Supreme Court; and two lawyers appointed by the Board of Commissioners of the State Bar of Michigan.

COMMISSION PROCEDURE

Subchapter 9.100 of the Michigan Court Rules governs the conduct of attorney disciplinary proceedings.

Grievances filed against attorneys are denominated "requests for investigation." Any person may file a request for investigation with the Grievance Administrator and the Grievance Administrator may file his own request for investigation where necessary. The filing of a request for investigation initiates the grievance process.

Following the filing of a request for investigation, the Grievance Administrator must determine whether there exists a prima facie allegation of professional misconduct, i.e. a violation of Michigan Court Rule 9.104. The Grievance Administrator may reject the request for investigation on its face or after a preliminary investigation or he may conduct a full investigation. If the Grievance Administrator does not reject the request for investigation, he will, upon conclusion of the investigation, recommend to the Commission that (1) the matter should be closed as there is not provable evidence of professional misconduct sufficient to sustain the burden of proof at a disciplinary proceeding, or (2) authorization should be granted for the issuance of a formal complaint.

In the reported fiscal year, October 1, 1984 to September 30, 1985, 2,875 requests for investigation were filed, as opposed to 2,808 for the previous year. This modest increase of 2.4% contrasts with a 13% decline in the preceding year. However, this marks the second straight year since 1978-1979 in which the number of requests for investigation filed failed to exceed 3,000.

Of the 2,875 grievances received, 1,567 were rejected by the Grievance Administrator pursuant to MCR 9.112(C)(1)(a); there were 783 closed by the Commission pursuant to MCR 9.114(A)(2); 69 were closed administratively; 117 resulted in confidential admonishments; and 166 were authorized by the Commission for formal proceedings. The pending investigative caseload saw a 66% increase, from 325 at the beginning of the period to 538 as of September 30, 1984. Representing 18.7% of the total annual intake, the pending investigative caseload is at its highest level in the last 5 years, but is still favorable in comparison with those of other jurisdictions. The average pending investigative caseload per staff attorney stands at 90 cases per attorney which is beginning to approach the limits of manageableness.

Assisting the full-time professional staff are some 200 special investigators. These investigators are members of the State Bar of Michigan who perform pro bono publico on behalf of the Commission and who are reimbursed only for actual out-of-pocket expenses. Their function is to provide on-site investigation in the field to develop an investigation which commenced at staff level and to report back to staff counsel who will then assess the matter and submit a recommendation to the Grievance Administrator. Approximately 10% of the formal investigations are referred to special investigators.

In prosecuting formal complaints before Hearing Panels of the Attorney Discipline Board (the Supreme Court's adjudicative agency for attorney discipline) the Grievance Administrator and his professional staff are assisted by some 200 special counsel, who, like the special investigators, are members of the State Bar of Michigan who donate their services to the Commission. In the 1978-1979 fiscal year approximately half of all prosecutions were performed by special counsel. However, as a result of a program which commenced in the 1979-1980 fiscal year, the role of special counsel has diminished greatly to the point where only 1% of prosecutions were performed by special counsel in fiscal year 1983-1984, with the full-time professional staff being responsible for the rest. It is anticipated that the use of special counsel will be phased out completely.

LITIGATION

Upon authorization by the members of the Commission, the Grievance Administrator causes a complaint to be prepared and filed with the Attorney Discipline Board. The only exception to this is in the case of criminal convictions, where an order to show cause is issued by the Board commanding the respondent to show cause why discipline should not be imposed. This procedure for criminal convictions, and a companion provision for the automatic interim suspension for felony convictions, has been in effect since February 1, 1983 as a result of the Supreme Court's adoption of a proposal by the Attorney Grievance Commission. The Grievance Administrator is the party-petitioner to every formal charge of misconduct, whether by formal complaint or order to show cause.

Hearings on charges of misconduct are held before three-lawyer hearing panels of the

Attorney Discipline Board. The hearings are open to the public. In the case of a formal complaint, the Grievance Administrator is required to prove his case by a preponderance of the evidence. The respondent may retain counsel, cross-examine witnesses proffered by the Grievance Administrator and present evidence in his own behalf, both in defense and in mitigation. In hearings on an order to show cause, the respondent has the initial burden of going forward and may present evidence in mitigation. However, he is precluded from attempting to attack collaterally the criminal conviction which is the foundation of the order to show cause. The practice and procedure employed in non-jury civil cases are applicable to disciplinary proceedings as are the Michigan Rules of Evidence.

Upon conclusion of the hearings, if the panel finds that the Administrator has failed to prove misconduct by a preponderance of the evidence, the case against the respondent must be dismissed. If the panel concludes that professional misconduct has been proven by a preponderance of the evidence, the panel must enter an order of discipline which may consist of a reprimand, probation, suspension or disbarment. A suspension or disbarment disqualifies the respondent from the practice of law, whereas a reprimand is in the nature of a public censure. Probation is in the nature of a supervised reprimand and is available only under limited circumstances. All discipline in Michigan is a matter of public record. (The admonishment issued by the Commission is confidential and is an administrative warning not constituting discipline.)

Any party, including the complainant who filed the request for investigation, may appeal any order of a hearing panel as of right to the Attorney Discipline Board and may seek leave to appeal to the Supreme Court from an order of the Attorney Discipline Board.

FUNDING

The expenses of the Attorney Grievance Commission for the fiscal year October 1, 1984 - September 30, 1985, as reported by the State Bar, were $797,882.20. Pursuant to Michigan Court Rule 9.105, the entire expenses of the Commission were paid by the State Bar of Michigan. No public tax dollars were employed in the funding of the Commission's operations.

A copy of the full annual report is available from the State of Michigan, Attorney Grievance Commission, Suite 256, Marquette Building, 243 West Congress Street, Detroit, Michigan 48226.

ANNUAL REPORT

Michigan Judicial Tenure Commission

July 1, 1984 - December 31, 1985

INTRODUCTION

This is a summary of the sixteenth Annual Report of the Michigan Judicial Tenure Commission covering activities from July 1, 1984 through December 31, 1985. Following the review of activities over this eighteen month period, the format of these reports reverts to a calendar year basis.

The past reporting period has also seen a marked continuation of increased investigative and formal activity. This continued upward trend further justifies the need for an agency dedicated to the betterment of the judiciary. This report manifests a continuing effort to foster a greater awareness among the public, bench, and bar of the Commission's service to the State of Michigan.

BACKGROUND

Michigan created its Judicial Tenure Commission when voters passed an amendment to Article VI, Section 30 of the Michigan Constitution in August, 1968. The enabling court rule is now codified in MCR 2.900. The Judicial Tenure Commission serves to promote the integrity of the judicial process and preserve public confidence in the courts. It strives to hold judges accountable for their misconduct without jeopardizing or compromising the essential independence of the judiciary. The basis for Commission action is a violation of the Code of Judicial Conduct or Rules of Professional Responsibility. The Code is published with the Michigan Court Rules. A copy may be obtained from the Commission upon request.

COMMISSION AUTHORITY

The Commission has the authority to review written grievances which allege judicial misconduct or disability and, after a preliminary investigation of the facts and circumstances, to determine whether a formal complaint should be filed against a judge. After a public hearing, before itself or an appointed Master, the Commission may recommend to the Supreme Court, where appropriate, that a judge be either censured, suspended with or without salary, retired, or removed from office. The types of state judges under the Commission's authority are Justices of the Supreme Court and judges of the Court of Appeals, circuit court, Recorder's Court, probate court, district court, municipal court. In addition, magistrates and referees are subject to the Commission's authority.

COMPOSITION OF COMMISSION MEMBERS

The Commission is comprised of nine members serving staggered terms of three years. Two lay members are appointed by the Governor and neither of these appointees may be a judge nor an attorney. Three members are elected at large by the State Bar, one of whom is a judge and two who are attorneys. Four members are elected by judges of the courts in which they serve, the Court of Appeals, circuit courts, probate courts, and courts of limited jurisdiction each being represented.

TYPE OF JUDICIAL MISCONDUCT

Judicial misconduct is conduct in violation of the Code of Judicial Conduct or Canons of Professional Responsibility which may include, but is not limited to, the following:

(a) Conviction of a felony;
(b) Persistent failure to perform judicial duties;
(c) Habitual intemperance (i.e., appearing in court under the influence of alcohol);
(d) Conduct clearly prejudicial to the administration of justice;
(e) Persistent incompetence or neglect in the performance of judicial duties.

Additionally, a judge is removable from office for physical or mental disability which prevents the performance of his or her judicial duties for a substantial period of time.

FILING A GRIEVANCE

Anyone may file a grievance with the Commission. The grievance must be in writing with grievant's signature notarized. It should state facts about the conduct or disability believed to be the cause for complaint.

CONFIDENTIALITY OF GRIEVANCES

The Constitution and Court Rules safeguard the confidentiality of all grievances and their investigation except as to the parties involved.

Prior to the filing of a formal complaint, neither Commissioner nor staff member may disclose the existence or contents of an investigation. An exception may occur when, in the public interest, the Commission may issue a public statement confirming a pending investigation or a completed investigation resulting in insufficient evidence for filing a complaint.

After a formal complaint is filed, it is a matter of public record and all subsequent proceedings are conducted in open public hearings.

COMMISSION ACTION ON A GRIEVANCE

The Commission must determine initially whether a grievance appears to be valid and well-founded and alleges facts indicating misconduct or disability. This is accomplished through preliminary inquiry by the staff. Many grievances are dismissed at this stage as without sufficient merit.

If the grievance proves to have substance, the judge under investigation receives notice of the allegations and is given a reasonable opportunity to respond. Thereafter, the Commission must consider the judge's reply and determine whether or not to bring formal charges by the filing of a formal complaint.

The Commission may dismiss a grievance of a relatively minor nature and privately caution a judge with respect to his conduct, or, under appropriate circumstances, enter a recommendation of private censure with the Supreme Court. An order of private censure must be kept secret and confidential.

If, as a result of a formal hearing, misconduct is established, the Commission must render its own decision regarding the case and recommend suitable discipline to the Supreme Court. Upon a review of the entire record, the Court may accept, reject, or modify the recommendation of the Commission.

SUMMARY OF GRIEVANCES CONSIDERED

The information contained in this report covers the period from July 1, 1984 to December 31, 1985 and has been broken down to reflect the separate reporting periods of July 1, 1984 to June 30, 1985 and July 1, 1985 to December 31, 1985.

Since its inception in 1968, the Commission has opened 3,481 files concerning grievances against judicial officers. 330 grievances were received during the period from July 1, 1984 to June 30, 1985 and 346 grievances reached final disposition resulting in a period-end caseload of 93 pending grievances. 173 grievances were received during the period from July 1, 1985 to December 31, 1985 and 175 grievances reached final disposition resulting in a period-end caseload of 89 pending grievances.

The Commission received 503 requests for investigation during the reporting period. A total of 631 grievance forms were mailed to aggrieved parties in response to written or telephone inquiries. Twelve advisory opinions were issued to judges or judicial candidates. Additionally, many other general questions regarding the judiciary and the discipline process were answered.

CONCLUSION

Michigan's judicial watchdog agency continues its attempt to preserve the honesty and integrity of the judges of this State. As indispensable ingredients of its success, the Commission must rely on the dedication of the bench and bar to the highest moral and ethical standards, as well as the confidence of the public in the fairness of its work. By means of its vigilance, the Commission serves to repair and reinforce the fabric of justice which holds our society together.

ANNUAL REPORT

State Appellate Defender Office

January 1, 1985 - December 31, 1985

HISTORY

The State Appellate Defender Office was established in 1970 pursuant to Michigan Supreme Court Administrative Order 1970-1. Its purpose was to provide competent, quality legal representation of indigent criminal defendants in post-conviction matters. The Office currently operates pursuant to 1978 PA 620 (MCL 780.711 et seq.), which superceded Administrative Order 1970-1. The State Appellate Defender Office continues to be governed by the seven-member State Appellate Defender Commission which also oversees the private component of the Michigan Appellate Assigned Counsel System (MAACS).

Defender James R. Neuhard continues to head all operations of the State Appellate Defender Office, the public defender component of the State's assigned counsel system. In early 1985, after the Legislature appropriated adequate funds to run the private roster component of the appellate assigned counsel system, the Commission hired Barbara R. Levine to administer the assignment of all appellate counsel. The commission adopted regulations for operation of the system, and full operation began on December 2, 1985. The mixed (public defender/private roster) representation scheme contemplated in 1978 PA 620 and Michigan Supreme Court Administrative Order 1981-7 is on the way to becoming a reality.

Under the Commission's regulatory scheme, the State Appellate Defender appears on the local list of the assigned counsel roster in every third, fourth or fifth slot, depending on the ratio of attorneys to the number of criminal felony appeals taken in the jurisdiction. Thus, the State Appellate Defender Office may receive anywhere from one-third to one-fifth of the appellate assignments from a given jurisdiction, but no less than 25% of the State's total number of indigent felony appeals. The private roster attorneys handle the remaining 75% of indigent criminal appeals.

Over the last eight years, the State Appellate Defender Office has accepted an average of 700 cases a year, and based on MAACS figures expects to continue to receive a similar number of assignments over the next few years. At the end of 1985, the State Appellate Defender Office had received appointments from all but fourteen of Michigan's counties: Keweenaw, Ontonagon, Leelanau, Antrim, Grand Traverse, Alcona, Ogemaw, Clare, Montcalm, Sanilac, Lapeer, Kent, Livingston, and Hillsdale.

STAFF

During 1985 fourteen staff attorneys, two research attorneys, the Defender, Chief Deputy Defender, Legal Resources Project Director, and Training Coordinator were housed in the Detroit office. Four staff attorneys and the Deputy Defender were housed in the Lansing office. These attorneys and administrators were supported by ten legal secretaries, an investigator and paralegal assistant, eight administrative assistants, two and one-half clerks, and one receptionist. Special assistant defenders, part-time law students, and post-graduate legal research assistants were employed as funds were available.

As has happened since 1980, paralegal and criminal justice students from Michigan State University, Mercy College, Henry Ford College, and other schools have been used to provide paralegal-type assistance to the staff. These students work for credit toward degrees.

As in previous years, the State Appellate Defender Office designated one of its staff attorneys to teach the Criminal Appellate Practice Course at the University of Michigan Law School. Each semester approximately twelve to fourteen course students provide research assistance on twelve to fourteen real cases assigned to that teaching attorney in return for credits and the unique learning experience the course offers.

With the assistance of research attorneys and researchers, the attorneys in the State Appellate Defender Office's specialized unit, designed to handle appeals requiring expeditious action and to handle a high volume of cases by screening and batch processing simple or similar cases, was able to process twice as many post-conviction matters as its regular attorney and one to two research assistants processed 187 cases in 1985. They obtained some form of relief in over 47% of those cases.

CASE ACTIVITY

The Defender Office is appointed to cases by the Michigan Supreme Court, the Michigan Court of Appeals, the Michigan circuit courts, and the Recorder's Court for the City of Detroit to represent indigent criminal defendants on felony appeals and a variety of other post-conviction proceedings.

A State Appellate Defender attorney's work consists of reviewing transcripts and lower court records, interviewing clients, investigating, researching issues, filing all necessary pleadings, and conducting hearings and oral arguments at all levels of the Michigan and Federal judiciaries. Attorneys make regular client visits and lower court appearances in virtually all areas of this state. They appear before the Michigan Supreme Court, the Court of Appeals, and, in selected cases, before Michigan's federal district courts, the Federal Court of Appeals for the Sixth Circuit, and the United States Supreme Court.

During 1985 the Office's eighteen staff attorneys and two deputies handled a mixture of 509 cases, and the Special Unit attorneys took 187 permanent assignments and handled 17 cases that were eventually assigned to others. Attorneys received a total of 696 new cases. Fifty-two of those appeals were special assignments (these range from United States Supreme Court briefs to responses to prosecutor appeals), 376 were pleas, and 268 were trials.

Between January 1, 1985 and December 31, 1985 the Office received 728 new assignments. At the close of the year it had 1,021 open-active cases, had closed 763 cases, and processed a total of 1,784 cases. The adoption of the new guilty plea rule by the Michigan Supreme Court, requiring that most plea-based post-conviction matters originate in the trial court, and various Court of Appeals holdings, requiring that issues relating to sentencing originate there as well, have caused a substantial increase in attorney travel time. Statistics depicting 1985 case activity follow this narrative.

COLLATERAL SERVICES AND SPECIAL PROJECTS

In addition to the above described direct client services, the Office was involved in several collateral areas and special projects. The Legal Resources Project, in its eighth year, responded to more than 3,800 requests for assistance, provided more than 50,000 pages of materials, and reached more than one thousand subscribers through the Criminal Defense Newsletter, in addition to providing support for the legal staff through advice and opinion summaries.

With the aid of a grant from the Michigan Justice Training Commission, the Project's director produced the 700-plus page Defender Trial Book and the State Appellate Defender Office's training director produced the 1,200-plus page, two volume, second edition of the Michigan Criminal Appeals manual.

Michigan Justice Training funds obtained by the State Appellate Defender Office and the Criminal Defense Attorneys of Michigan enabled those two organizations to continue to conduct general training programs for attorneys representing indigent criminal defendants and provided specific training in criminal appellate practice and procedure for some 300 private assigned appellate defense counsel in conjunction with the Michigan Appellate Assigned Counsel Office.

State Appellate Defender Office attorneys played a major role in all these training programs. In addition, the State Appellate Defender Office's Special Unit's manager authored the comprehensive booklet, Felony Sentencing In Michigan and the "Sentencing Benchguide" section of the Michigan Judicial Institute's Trial Court Bench Guides (MJI, 1986).

Through the commendable efforts of its Special Projects Coordinator and the hard work of many others, the State Appellate Defender Office has completed the automation of its word and data processing systems. Barrister, the computer company from which the Office purchased its equipment and a leading provider of computer equipment and services for major law firms throughout the country, was so impressed by the Office's creative and proficient use of its equipment it contracted with the Office to have its Special Projects Coordinator prepare a user's guide for law firms and made the Office a beta cite for its data management system.

Finally, office attorneys appeared and testified at legislative hearings on matters relating to criminal justice and worked with legislators and legislative committees on criminal law and procedure and corrections matters. Office attorneys also served on many boards, commissions, committees, and task forces working on criminal justice programs, some of these at the national level. The Defender, himself, is the president-elect of the National Legal Aid and Defender Association.

The Constitution
State of Michigan
Article VI Sec. 11

"The state shall be divided into judicial circuits along county lines in each of which there shall be elected one or more circuit judges as provided by law. Sessions of the circuit court shall be held at least four times in each year in every county organized for judicial purposes. Each circuit judge shall hold court in the county or counties within the circuit in which he is elected, and in other circuits as may be provided by rules of the supreme court. The number of judges shall be changed and circuits shall be created, altered and discontinued on recommendation of the supreme court to reflect changes in judicial activity. No change in the number of judges or alteration or discontinuance of a circuit shall have the effect of removing a judge from office during his term."

ANNUAL REPORT

Michigan Probate Courts

Statewide Summary Of Annual Caseload

January 1, 1985 - December 31, 1985

The Probate Court Caseload report is now being submitted to the State Court Administrative Office from local courts annually rather than on a semi-annual basis as in previous years. This change in reporting was adopted by the State Court Administrative Office on the recommendation of the Probate Court Forms Committee in an effort to simplify the reporting process and reduce the workload. The year 1985 also marked the increased involvement of the Judicial Data Center in the development of this report. The Judicial Data Center has the capability of compiling data in all twenty-three categories included in the annual report and of returning this information to the local court for their use. All of this data can be generated by the completion of the MCR 5.707 reports.

ANNUAL REPORT

Michigan Probate Court - Juvenile Division

Statewide Summary Of Annual Caseload And Activity

January 1, 1985 - December 31, 1985

The Monthly Caseload and Activity Report for the Juvenile Division of Michigan Probate Courts provides the basis for compilation of data. This year's annual report marks the first full year the courts have supplied data in this format. Excluded from this year's annual report is information regarding delinquency cases by type of offense and the number of court authorized petitions in delinquency and neglect matters. Because such information has been determined to be of value to particular governmental units, consideration is being given to establishing an appropriate data base.

The data reflected in this report is based on reports submitted by local courts. Information from Wayne County is not included in this report. Efforts are being made which would enable the Wayne County Probate Court to provide this information in future years.

The following courts did not report a full year: Cass County missing data for June through December - Crawford County missing data for April - Dickinson County missing data for January through June - Huron County missing data for January - Ionia County missing data for March - Manistee County missing data for July - Monroe County missing data for February through December - Muskegon County missing data for May - Ottawa County missing data for July, August, and September.

Amount Collected For Reimbursement Per MCL 712A.18 $4,571.795.75
